The Solution

1. Save workbook as a `.twb`
2. Open file in a text editor to edit the `XML`
3. Find the `zone` elements
4. Set the `id` attribute

The Solution

```

Accessible Data Visualizations

- Include descriptive titles, subtitles, and captions
- Use tools that have good screen reader compatibility
- Use alt text to describe images
- Encode data with sound and visuals
- Follow **W3C Accessibility Guidelines**
 - 2.4.3: Focus Order: "If a Web page can be navigated sequentially and the navigation sequences affect meaning or operation, focusable components receive focus in an order that preserves meaning and operability."
